Mr. Artur Matuszczak
SmokeD Sp. z o.o.,
ul. Warszawska 6/32,
15-062 Białystok

REFERENCE LETTER

General Directorate of the State Forests informs that SmokeD Sp. z o.o. is a professional contractor in the field of early smoke detection system. The State Forests have been successfully using SmokeD fire detection software since 2013.

Currently, fire detection with the use of the SmokeD system is carried out in 73 forest districts. The software supports 163 cameras installed in the field, which ensures monitoring of an area of approximately 1.4 million hectares of forests.

The company successfully implements and develops a system consisting of intelligent cameras and applications for dispatchers at Alarm-Dispatch Points. The system is developed with new functionalities, which facilitates monitoring in forest areas and beyond.

ZASTĘPCA DYREKTORA GENERALNEGO
ds. GOSPODARSTWA LASOWYCH
